Branded, trackable short links for Microsoft 365.

Turn long SharePoint links into clean, branded short URLs, with analytics and QR codes.

★ 5.0 from 4 ratings on Microsoft AppSource

Free trial

UK-built and supported

Self-host option on top tiers

— WHAT IT IS

Short URL is a branded link shortener built for Microsoft 365: a SharePoint app, a Teams app and a Power Automate connector for creating links at scale. It turns long SharePoint URLs into clean, branded links with detailed analytics, QR codes, password protection and usage limits. Default tiers process links on APPS 365 servers; on the top tiers you can self-host it in your own Azure under your own domain.

— KEY FEATURES

Everything you get

Custom branded links

Memorable, on-brand short URLs for any internal or external destination.

Detailed analytics

Track clicks by country, referrer, browser and operating system.

QR codes

Generate a QR code for any short link.

Access control

Password-protect links, set usage limits, expiry dates and redirect types.

Teams and Power Automate

Create links from Teams, or at scale with the Power Automate connector.

Self-host option

On the top tiers, host it in your own Azure under your own domain.

— WHERE TEAMS USE IT

- ✓ Branded links for internal comms and campaigns
- ✓ QR codes for events and print
- ✓ Power Automate flows that generate links at scale
- ✓ Governed link management

— WHAT CHANGES FOR YOUR TEAM

- ✓ Clean, professional links instead of long, fragile URLs.
- ✓ Automate link creation with Power Automate.
- ✓ See engagement with built-in analytics.
- ✓ Share instantly with a QR code.

— MADE FOR

Microsoft 365 admins Internal comms
Power Platform makers IT governance

— WHAT SETS IT APART

- ✓ Built for Microsoft 365
- ✓ Self-hosting with your own domain
- ✓ Power Automate connector
- ✓ Analytics and QR codes built in
